

Shree Ganesh Chemicals

www.indiamart.com/shree-ganesh-chemicals

We are a prominent organization engaged in processing and supplying a quality assured range of Electroplating Chemicals and Metallic Salts. These are known for purity, precise composition, longer shelf life and safe to use.

A b o u t U s

Established in the year **2007**, we, '**Shree Ganesh Chemicals**', are recognized as one of the leading processors and suppliers of **Electroplating Chemicals and Metallic Salts**. Our products are manufactured using technologically advanced machinery and equipments. These are stringently tested on certain quality parameters to ensure their flawlessness in compliance with the industry standards. The products offered by us are well-known for their purity, precise composition, longer shelf life and safe to use.

For processing the chemicals we have developed a well equipped infrastructure facility. In our pursuit of delivering a quality assured range of products to the clients, we have hired a team of dedicated professionals. These professionals have years of experience in this industry, who assists in our whole business operations. Being a quality conscious firm, our products are dispatched only after stringently tested by the quality controllers. Customers can easily avail our range of products at market leading leading prices. Moreover, to enhance the quality of the products, we have also established R & D department. For the convenience of clients, we accept payments from various easy modes to facilitate process of monetary transactions such as cash, cheque and DD.

We have been able to consolidate our position in market, owing to the dedicated efforts of our mentor **“Mr. Chandrakant Bhai Shah”**. His immense business expertise and profound managerial skills have helped us in achieving the success in the market and standing us ahead of our competitors.

CYANIDES CHEMICALS

We offer Cyanide Chemicals that is used for various purposes. The range is procured from reliable vendors of the market and is offered at affordable rates. Our range is offered in various packaging options to suit the diversified needs of our clients

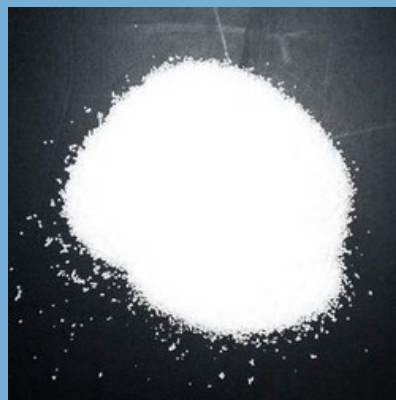

Sodium Cyanide (Powder)

Sodium Cyanide

Silver Potassium Cyanide

Potassium Cyanide
(Powder)

ELECTROPLATING CHEMICALS

We are engaged in offering a range of **Electroplating Chemicals**, which is processed using advanced machinery and latest technology. These are customized as per the needs and demands of our clients. We provide only quality-assured products to the clients by testing their qualities on various parameters.

Passivating Chemicals

Acid Zinc Plating Chemicals

Blackening Chemicals

Copper Plating Chemicals

NICKEL SULPHATE

Leading Manufacturer from Ahmedabad, our product range includes Nickel Sulphate such as Nickel Sulfate Hexahydrate, Nickel Sulfate and Nickel Sulphate Hexahydrate.

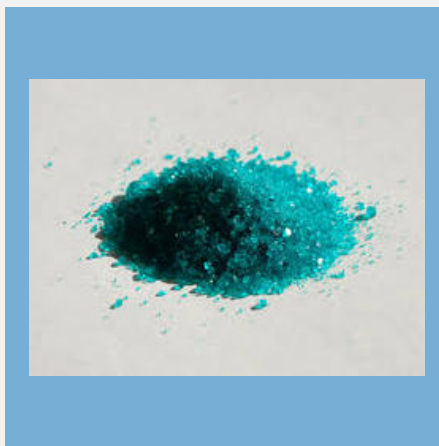

Nickel Sulfate
Hexahydrate

Nickel Sulfate

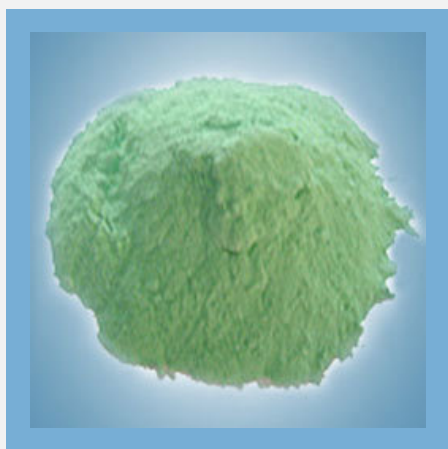

Nickel Sulphate

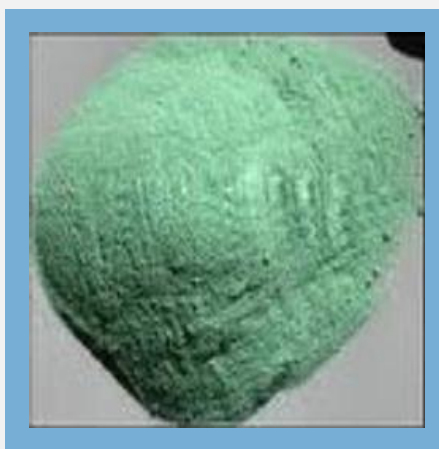

Nickel Sulphate
Hexahydrate

NICKEL METALLIC SALTS

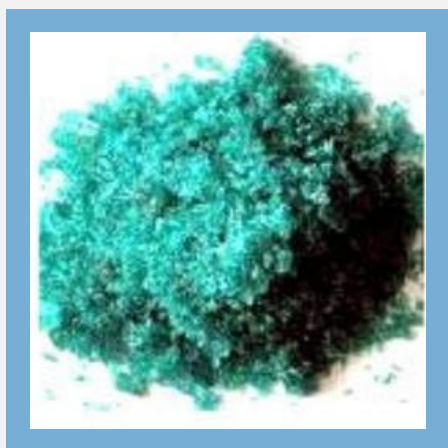

Owing to our experience, we have been successful in catering to the requirements of our esteem clients by offering quality **Nickel Metallic Salts**. Our products are used as catalysts in pharmaceutical industry and other similar processing industries. The offered products are offered as per the specifications driven by the clients.

Nickel Carbonate

Nickel Fluoride

Nickel Nitrate

Nickel Oxide (Black)

CHROMIUM METALLIC SALTS

With the customer focused approach and rich industrial experience, we offer Chromium salts to our customers. These salts are used in various applications.

Sodium Bi Chromate

Chromium Acetate

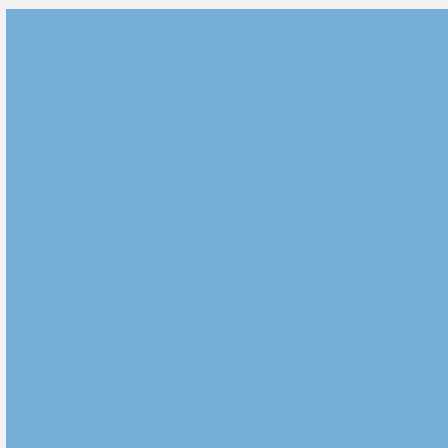

Basic Chromium Sulphate

Chromium Phosphate

ZINC METALLIC SALTS

We offer high quality Zinc Metallic Salts that are used in diverse industries in distribution and pipelines. These are very demanding in industry & finds various industrial applications.

Zinc Oxide

Zinc Cyanide

Zinc Chloride

Zinc Sulphate

TIN METALLIC SALTS

We are a leading Manufacturer of Tin Metallic Salts such as Tin Chloride, Sodium Stannate and Stannous Sulphate from India.

Tin Chloride

Sodium Stannate

Stannous Sulphate

COBALT METALLIC SALTS

We have with us extensive industry experience as well as process knowledge that assist us in successfully handling the demands of some specialty salts such as cobalt salts.

Cobalt Sulphate

Cobalt Nitrate

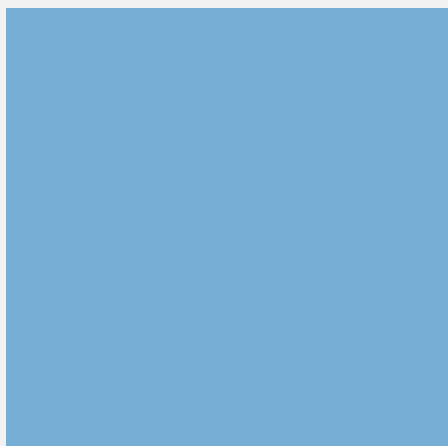

Cobalt Carbonate

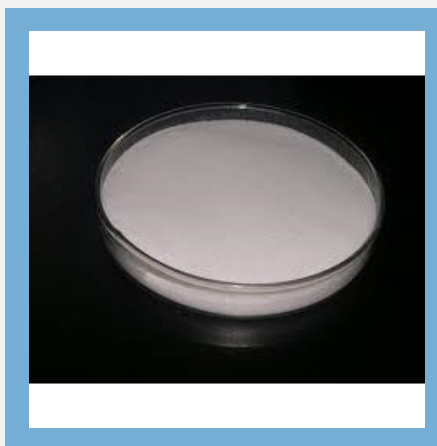

Cobalt Acetate

SODIUM SALTS

Prominent & Leading Manufacturer from Ahmedabad, we offer Sodium Salts such as Sodium Formaldehyde Bi Sulphite, Sodium Acetate Anhydrous, Sodium Acetate Crystals, Sodium Meta Bi Sulphite, Sodium Bi Sulphite, Sodium Sulphite and many more items.

Sodium Formaldehyde Bi Sulphite

Sodium Acetate Anhydrous

Sodium Acetate Crystals

Sodium Meta Bi Sulphite

SILVER SALTS

We manufacture silver salts which is made under strict supervision of our experts. These are of superb quality & very demanding in the industry.

Silver Potassium Cyanide

Silver Cyanide

Silver Nitrate

OTHER PRODUCTS:

Nickel Chloride

BPC 48

Sodium Cyanide (GACL)

Sodium Cyanide

OTHER PRODUCTS:

Chromic Acid Flakes

Copper Sulphate

Copper Cyanide

Copper Sulphate

OTHER PRODUCTS:

Potassium Cyanide

Stripping Plating
Chemicals

Aluminum Finishing
Chemicals

Pretreatment and
Phosphating Chemicals

OTHER PRODUCTS:

Chrome Plating Chemicals

Brass Plating Chemicals

Cleaners Chemicals

Silver Plating Chemicals

OTHER PRODUCTS:

Cyanide Zinc Plating
Chemicals

Nickel Oxide (Green)

Nickel Acetate

Nickel Chloride Anhydrous
